With numerous successful projects under our belt, we can proudly say that we are one of the most trusted construction companies in Ghana performing both domestic and international construction work. For more than 7 years (and counting), PSA Builders have offered a wide range of construction services in Ghana, and a number of cities across the West African sub region.

We strive to maintain the highest standards while exceeding client's expectations at all levels. We not only honor commitments, but are known for meeting tough deadlines while delivering nothing but the best. We aim to create a responsive client relationship that allows us to meet and even exceed the goals of each of our projects.

PSA Builders is well known for its innovation and by collaborating successfully with our customers, designers, sub-contractors, consultants as well as suppliers; we have been able to provide more specialized level of services. We are continuously evolving and understand the different aspects of delivering high value construction and complex projects with ease.

PSA Builders - Quality construction. Honest service. Great value.

CORE VALUES

Committement to quality and Safety

Value for money

Integrity, Honesty and Trust

Teamwork and Respect

Building and Construction: We aim to eliminate the task of dividing your project between different architecture and construction companies. We are a full service construction company that offers design and build services for your entire project from initial sketches to the final construction. We offer commitment at all levels of building project, from preparing for construction to construction management services. For years, we have successfully met our clients' demands for cost effective and responsive services.

Due to the broad key personnel base of PSA builders, partners have played major roles in a couple or more of the following projects with their erstwhile establishment;

Government of Ghana Affordable Housing Project for SNNIT

MTN connect shops and technical offices projects nationwide

Kolebu Blood Bank Unit

Warehouse for Prima Preforms and Closures Limited

Sky lounge (15 storey) apartment for key Pearl and Key Reality Limited

University of Education Winneba projects

Administration block, hostel facility and apartment for GNAT

Staff apartment for Ghana Atomic Energy Commission

FINISHES:

We also have a large pool of workers with various specials trades when it comes to giving your building that special finished look that will dazzle and win the admiration of people who come into contact with it.

Our services include:

Painting and Wall coverings, Tiling and Terrazzo finishes, furniture, furnishing and joinery carpentry etc.

Civil Engineering Works: Over the years, our traditional road and pavement building experience has improved, we have now developed these skills into other work areas, particularly, ground works roads construction, pavements as well as road furniture. We have gained an excellent reputation for delivering quality within time and with significant cost saving. This has been achieved through close liaison with all stakeholders including the Department of Urban Roads, Feeder Roads and Highways Authority.

Due to the goodwill signature we have with our clients, we have had the opportunity to work for Trassaco Estates Development Company.

Road Sealing works at VIIIagio Vista Towers – Tetteh Quarshie Roundabout Road sealing works at Trassaco Valley

In addition, is a Car Park for National Council for Tertiary Education Complex Just to mention a few.

ROOFING:

PSA Builders provide professional roof and exterior building maintenance for industrial, commercial and individual clients with various types of roofing systems.

Our specially trained technicians have utilized proven and cutting-edge techniques as well as experience to diagnose and resolve even your most difficult exterior leakage problems.

Our repair procedures exceed the standards of other competitors in the industry.
